ENVIROSCIENCE, INC.

Providing natural resource, environmental compliance, biomonitoring, hazard assessment, design, and underwater services to the public and private sectors since 1989.

GSA CONTRACT #: GS-10F-0181U

UNIQUE ENTITY ID (UEI) #: JV9KCG9NTQ54

DUNS #: 55-6823359

TOP NAICS CODES

- 541620 Environmental Consulting
- 541690 Other Scientific & Technical Consulting Services
- 541330 Engineering Services
- 541370 Surveying & Mapping
- 541380 Testing Laboratories
- 541990 Support Services (including diving)
- 562910 Remediation Services

ECOLOGICAL STUDIES

- ◆ Bat, Macroinvertebrate, Reptile, Bird, Mammal, Amphibian, & Plant Surveys
- ◆ Biological Assessments
- ◆ Data Analytics & Modeling
- ◆ Ecological Risk Assessments
- ◆ Expert Testimony
- ◆ Fishery Assessments
- ◆ Freshwater Mussel Surveys
- ◆ Natural Resource Damage Assessments (NRDA)
- ◆ Phytoplankton, Zooplankton, & Ichthyoplankton Taxonomy
- ◆ Pollinators/Bees
- ◆ Rattlesnake Monitoring
- ◆ Watershed & Sediment Studies

WETLAND & STREAM SERVICES

- ◆ 401 & 404 Permitting
- ◆ Mitigation & Monitoring
- ◆ Wetland & Stream Delineation & Functional Assessments

LABORATORY & ANALYSIS

- ◆ Algae & Diatom Identification
- ◆ Harmful Algal Bloom Toxin Testing
- ◆ Product Testing
- ◆ Sample Collection & Courier Services
- ◆ Toxicity Identification & Reduction Evaluations (TIE/TRE)
- ◆ Water Effect Ratio Studies
- ◆ Whole Effluent Toxicity (WET) Testing
- ◆ Whole Sediment & Elutriate Toxicity Testing

RESTORATION

- ◆ Natural Stream Design
- ◆ Streambank Stabilization
- ◆ Wetland & Prairie Restoration
- ◆ Invasive Species Control
- ◆ Drone Data Collection & Invasive Control
- ◆ Dam Removals
- ◆ Mitigation, T&E Mitigation & Permitting
- ◆ Design, Engineering & Construction
- ◆ Coastal Restoration
- ◆ Lake and Pond Habitat & Shoreline Restoration
- ◆ Grant Concept Development

COMMERCIAL DIVING

- ◆ Underwater Inspections
- ◆ Underwater Construction
- ◆ Burning/Welding/Jetting
- ◆ Intake/Screen Maintenance
- ◆ UW Testing/Video/ROV
- ◆ Bathymetric & Sidescan Sonar
- ◆ Underwater Imaging & Modeling
- ◆ Potable Water

ENVIRONMENTAL SAMPLING

- ◆ Sampling & Analysis Plans
- ◆ Geochemical Interpretation
- ◆ Regulatory Reporting
- ◆ Surface & Groundwater, Sediment, Soil, & Waste Characterization Sampling

NEPA DOCUMENTATION

- ◆ CE / EA / EIS

STORMWATER MANAGEMENT

- ◆ MS4 Permits & Audits
- ◆ State Stormwater & USACE BMPs
- ◆ Industrial MSGP Assistance
- ◆ Green Infrastructure

ENVIRONMENTAL COMPLIANCE

- ◆ ESA Phase I, II, & III Site Assessment & Characterization
- ◆ SPCC, Hazardous Waste & Sludge Management Plans
- ◆ Environmental Inspection/Auditing
- ◆ Chemical Fate & Transport
- ◆ NPDES Permitting
- ◆ Clean Water Act Assistance including 316(a) & 316(b) Studies
- ◆ Erosion & Sediment Control and Post Construction Design for Construction
- ◆ Industrial & Construction SWPPP Inspections & Reporting
- ◆ Wastewater Treatment Design Assistance
- ◆ Air Permitting
- ◆ Municipal Engineering
- ◆ Noise Studies

EMERGENCY RESPONSE

- ◆ Derailment Response & Assessment
- ◆ Ecological Damage Assessment
- ◆ Emergency Planning & Preparedness
- ◆ Emergency Response Plans
- ◆ Environmental Unit Leader Staffing & Other Critical ICS Positions
- ◆ HAZMAT Response & Site Assessment

Company Overview

MAINTAINING A NATIONAL REPUTATION FOR “EXCELLENCE IN ANY ENVIRONMENT” SINCE 1989

EnviroScience has a national reputation for excellence and is continually awarded projects such as USEPA’s multimillion-dollar National Aquatic Resource Surveys and the Deepwater Horizon oil spill response.

BELOW ARE A FEW REASONS WHY...

- We employ seasoned veterans from industry and regulatory agencies to ensure adherence to environmental regulations and permitting.
- The diversity and expertise of our biologists, commercial divers, scientists, and engineers enable us to tackle any environmental issue.
- We pride ourselves on our rapid response time during emergencies and consistently reliable turnaround on project deliverables.
- Our state-of-the-art equipment and cutting-edge technologies afford our clients innovative, cost-conscious solutions.
- Our project managers are well-versed in industry and agency regulations—including DOTs, USACE, USFWS, and USEPA.
- Our regional offices allow us to serve clients of any size efficiently and effectively anywhere in the U.S.
- We stand by our core values of respect, client advocacy, quality work, accountability, teamwork, and safety.

EnviroScience, Inc. is a team of over 140 expert biologists, commercial divers, environmental scientists, and environmental engineers headquartered in Stow, Ohio, with regional offices throughout the U.S. Since 1989, we have provided expert technical services to help our clients meet their environmental design and regulatory requirements. Our clients include federal, state, and municipal governments; departments of transportation; the railroad industry; utilities, mining, manufacturing, and engineering firms; and private individuals. Our ecological consulting services are nationally recognized and include restoration and environmental compliance assistance on projects of all sizes for freshwater mussels, bats, fisheries, aquatic surveys, and streams and wetlands. We also have a large bioassay and taxonomy identification laboratory to support ecological and biomonitoring projects, including whole effluent toxicity and harmful algal bloom testing.

Few environmental firms in the country retain our degree of scientific knowledge, talent, and capability under one roof, and most of our staff have over 10 years of experience in their respective fields. Because of our team’s diverse professional background, we can provide comprehensive in-house services and an integrated approach to solving environmental challenges—saving clients time, reducing costs, and ensuring high-quality results. We always put our clients’ needs first by only using necessary resources and consistently completing projects on time and within or below budget. Because of this business model, we hold master service agreements with many national transportation entities, utility companies, and other industry members.

THE ENVIROSCIENCE TEAM

- Algal Taxonomists
- Bat Ecologists
- Botanists
- Commercial Divers
- Engineers
- Environmental Planners
- Environmental Scientists
- Fisheries Biologists
- Geologists
- Geomorphologists
- GIS Analysts
- Herpetologists
- Macroinvertebrate Taxonomists
- Mussel Specialists
- NEPA Specialists
- Regulatory Specialists
- Stormwater Inspectors
- Toxicologists
- Wastewater Scientists
- Wetland Scientists

CERTIFICATIONS & MEMBERSHIPS

REPRESENTATIVE CLIENTS

USEPA ♦ CSX Transportation ♦ NASA ♦ TimkenSteel ♦ USACE
BP ♦ Battelle Memorial Institute ♦ Dominion Energy ♦ Pratt & Whitney
Cleveland Airport Systems ♦ Asheville Airport ♦ New York State DEC
ODOT ♦ PennDOT ♦ NE Ohio Regional Sewer District ♦ WVDH
Florida Fish & Wildlife ♦ The Nature Conservancy ♦ Summit Metro Parks
